Reviewed:	Annually October 2021
Purpose:	<p>This policy aims to set out MITSkills position regarding the Prevent and Anti-Extremism policy.</p> <p>This Policy must be read jointly with the following policies: Safeguarding Policy, Anti-Harassment & Anti-Bullying Policy, Use of IT Equipment, Email, Internet and Electronic Password and Signatures Policy</p>

MITSkills (MIT) aims to ensure that learning takes place in a safe environment where extremism in its many forms is challenged, or where appropriate reported and that no employee, trainee, or potential employee will receive less favourable consideration or treatment by virtue of his or her gender, race, colour, marital status, sexual orientation, disability, age, nationality, or ethnic origin. Furthermore, we aim to ensure that no person will be disadvantaged by any condition or requirement, which cannot be shown as, justified.

MITSkills will ensure that it engages a competent, skilled workforce reflecting where possible, the ethnic mix of the local community.

For this policy to be successful, the cooperation of all employees is vital.

We will promote this policy via staff and learner inductions, staff CPD, via learner and employer handbooks, publish it on our website and on SharePoint for staff and subcontractors. We will publish and promote the policy along with it associated aims within our premises.

We will gain commitment from staff, subcontractors' employers, learners to this policy by our Directors and Management working with our staff to ensure these aims of the policy are a living part of our ways of working. Consideration of this policy will be included in our recruitment, training and support for staff and learners, and our support employer and subcontractors. We will have a named Safeguarding and Prevent Lead and Senior Manager that are responsible for leading Safeguarding and Prevent, who will actively promote awareness and ensure adherence to our policy and processes with staff, learners, suppliers, employers' subcontractors, and work with external bodies ensuring feedback is used to improve our policy and processes.

However, MITSkills is ultimately responsible for achieving the objectives outlined, and for ensuring full compliance with the relevant Acts of Parliament including the Equality Act 2010 and Codes of Practice and the Government's 'Prevent' agenda, and our obligations under Safeguarding.

Misappropriate actions against this policy and the laws on which they are based, will be considered a serious offence, and will incur disciplinary actions or dismissal.

Aims of Prevent Policy

MITSkills is committed to providing a secure environment for students (including apprentices) and employees, where they feel safe and are kept safe. This policy outlines how we are working with our staff, and learners. We aim:

- a) to protect apprentices and employees from radicalising influences.
- b) ensure apprentices and employees are resilient to extreme narratives
- c) identify changes in behaviour of apprentices and employees

All adults at MITSkills recognise that safeguarding and Prevent is everyone's responsibility, irrespective of the role they undertake or whether their role has direct contact or responsibility for students or not. Preventing Extremism and Radicalisation is one element within our overall MITSkills arrangement to safeguard and promote the welfare of all students in line with our statutory duties. This policy also draws upon the Government's 'Prevent' agenda and Department of Education's guidance, 'Prevent violent extremism' and DfE's guidance "Prevent Duty Guidance: for further education institutions in England and Wales 2015" 'as well as MITSkills' Ethos and Practice.

(Correct Oct 2021)

When operating this policy, MITSkills uses the following accepted Governmental definition of extremism which is: 'Vocal or active opposition to fundamental British values, including democracy, the rule of law, individual liberty and mutual respect and tolerance of different faiths and beliefs; and/or calls for the death of members of our armed forces, whether in this country or overseas'. Extremists of all persuasions aim to develop destructive relationships between different communities by promoting division, fear and mistrust of others based on ignorance or prejudice and thereby limiting the life chances of young people.

Education is a powerful weapon against this; equipping young people with the knowledge, skills, and critical thinking, to challenge and debate in an informed way. MITSkills does not tolerate extremist views of any kind whether from internal sources; learners, staff, subcontractors or Directors, or external sources; community, external agencies, or individuals. Students see MITSkills as a safe place where they can explore controversial issues safely and where our teaching staff and assessors encourage and facilitate this. We have a duty to ensure this happens.

We at MITSkills recognise that extremism and exposure to extremist materials and influences can lead to poor outcomes for students and so should be addressed as a safeguarding concern as set out in this policy. We also recognise that in challenging extremist views we are actively protecting our students. Therefore, at MITSkills we will provide a broad and balanced training programme, delivered by skilled professionals, to enable our students to understand and become tolerant of difference and diversity.

We will work to ensure that all learners feel valued and not marginalised. Any prejudice, discrimination, or extremist views, including derogatory language, displayed by students or staff will always be challenged and where appropriate dealt with in accordance with our Student Disciplinary Policy and the Staff Code of Conduct. As part of wider safeguarding responsibilities.

As part of Safeguarding and Prevent we will monitor Learner and Staff use of MITSkills IT network using an appropriate filter system to ensure that learners and staff are not accessing inappropriate material or downloading illegal or restricted material we do this via an approved filtering system on our Wi-Fi network. This will be operated in line with guidance from the Department of Education and the UK Safer Internet Centre. Learner use of mobiles within learning environment is prohibited. Staff and Learners will be made aware of these MITSkills

policies as part of their induction. **Use of IT Equipment, Email, Internet and Electronic Password and Signatures Policy** which should be read in conjunction with Safeguarding and Prevent policies. – “Use of Internet and use”. Learners and Staff may face disciplinary action up including being dismissed or removed from course for accessing, downloading, or spreading illegal or restricted material, (or encouraging others to do so) and may be reported to the police and or other authorities where appropriate.

MITSkills’ staff will be alert to and are asked to report any concerns over any of the following to our Designated Safeguarding and Prevent Lead immediately and no later than 24 hours.:

MITSkills Learners are asked to report any concerns over any of the following to any member of staff immediately

MITSkills will closely follow any locally agreed procedure as set out by the Local Authority and/or Surrey Safeguarding Children’s Board’s agreed processes and criteria for safeguarding individuals vulnerable to extremism and radicalisation.

We will help support students who may be vulnerable to such influences as part of our wider safeguarding responsibilities and where we believe a student is being directly affected by extremist materials or influences, we will ensure that the student is offered mentoring. Additionally, in such instances MITSkills will seek external support from the Local Authority

and/or local partnership structures working to prevent extremism. By delivering a broad and balanced learning programme, augmented using external sources where appropriate, we will strive to ensure our students recognise risk and build resilience to manage any such risk themselves where appropriate to their age and ability, but also to help them develop the critical thinking skills needed to engage in informed debate.

Where there are concerns of extremism or radicalisation, students and staff will be encouraged to discuss them with the Safeguarding Officer or our **Named Senior Manager**. The procedure for reporting and referring safeguarding concerns will apply. The Managing Director of MITSkills will task Senior management with ensuring all staff undertake appropriate training to assure that they are clear about their role and the parameters of their responsibilities in an active Prevent strategy, including their statutory safeguarding duties.
